DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-6 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Chassot et al., US 6,436,152 B1 for the reasons of record in the previous office action.

Allowable Subject Matter

3. Compounds in which R1 and R2 together form an unsaturated ring would be allowable.

Response to Arguments

4. Applicant's arguments filed January 16, 2004 have been fully considered but they are not persuasive. Applicant argues that Chassot discloses that the compounds of the invention are those in which one or more of R5 and R8 are hydrogen. This is not persuasive because R5 is hydrogen in the present claims. Furthermore, *the rest of this sentence* discloses several alternatives, such as R1-R4 all being hydrogen, which is met by the present claims; R6 being alkyl or hydroxyalkyl and R7 being hydroxyalkyl, also met by the present claims; or R6 is hydrogen and R7 is hydroxyalkyl, embraced by the present claims. While a 102 rejection is probably warranted, the examiner has stayed on the side of caution. Applicant's arguments regarding unpredictability are not persuasive because,

where differences are this small, hair dyeing is a predictable art. Applicant is invited to rebut this statement by supplying data to the contrary.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

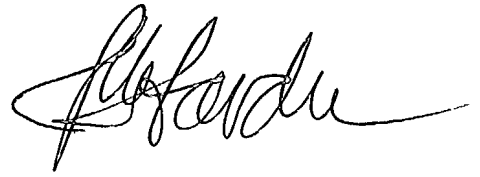

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
